Why choose Rose Mount?

ROSE MOUNT'S is the official IELTS and TOEFL iBT testing center in Dehradun. We also represent Alliance Francaise in Dehradun. In English Language Teaching we are the only institute in India to be certified by Cambridge University Press for using their authentic material. As an exit test for Spoken English Language courses we provide a BULATS certification. BULATS is a test owned by University of Cambridge and is accepted world over by more than a thousand companies like Nokia, Air France, Colgate and Palmolive to name just a few.

In short, we brought around a whole new experience in language teaching. We bench marked the industry and gave a lot of sleepless nights to our competitors. Around 97% of the market is with Rose Mount.

Our mantra has been simple. Instead of focusing on passing the exams we make our students realize their potential and tap it. Periodical tests and feedback help us and the students stay focused. Understanding the shortfalls and the strengths of every student who becomes a part of Rose Mount helps us to design an individualized road map to success.

Our faculty is trained on the same lines. If a new recruit can make it through the first month of rigorous training chances are he or she is staying with us for a long time. While recruiting our focus is not only a person's strong academic back ground (we have CELTA University of Cambridge trained teachers) and teaching capability but also other more humane qualities like compassion and commitment. Our philosophy has proved beneficial. We have more than 900 students placed in universities abroad and our student base has been doubling every year from the past six years. So when you become a part of Rose Mount be assured of individualized attention and quality in terms of material and teaching.

IELTS

International English Language Testing System

Required in every European country, Australia and some universities of Canada. It consists of nine bands.

Section :

Listening | Reading | Writing | Speaking
