

Kaplan Aspect Harvard Square

The city of Cambridge lies just across the Charles River from Boston and is home to two of the world's most prestigious academic institutions: Massachusetts Institute of Technology (MIT) and Harvard University, the oldest university in the US. We are right in the heart of this prominent intellectual city, within walking distance of both Harvard and MIT. Our school offers up-to-the-minute facilities including a computer center, free internet access and spacious classrooms. Harvard square and it's surrounding streets are lined with bookshops, boutiques and numerous open-air cafes where students can read, play chess or enjoy being entertained by visiting street performers.

We are looking forward to seeing you at the Harvard Square school and we are sure that you will enjoy your studies in Cambridge. Students come to our school for the scholarly atmosphere of studying close to so many great institutions and for our intimate setting that allows the students to really connect with their teachers and staff. Students here also have access to an extensive library of structured study materials, which include practice iBT TOEFL exams and ELLIS, the premier pronunciation software package for English language learners.

English Programs Manager

Kaplan Aspect Harvard Square

Emily Daniels

Hello and welcome to Kaplan Aspect! My name is Em and I am here to help with whatever you need while you are studying in the US. Whether your goal is to attend a US university, run an international business, or learn English for academic reasons, I am here to help make your stay comfortable and your goals successful. I've been with the International team for 4 years working to help students navigate through immigration and working in the Cambridge Center for a year and a half overseeing the TOEFL program here. I've lived in different parts of Boston for 8 years, 4 of those years as a student getting my B.F.A. in painting so I definitely know where to find fun things to do for students in the Boston area.

I've traveled to Greece and England and many parts of the US, Mexico, and Canada, and have been schooled in Latin, French, and Spanish, though I can promise you that your English is better than my French or Spanish! Cambridge is a great city- it has a lot of history and culture, combined with very intelligent people who call it home. The large amount of colleges and universities in the Boston area truly make it a city for young people. I hope you'll enjoy it as much as I do, and I look forward to meeting you!
